Ashika® Flat Wiper Blades – Multi-Clip Series

Experience Unmatched Performance with Ashika® Flat Wiper Blades!

Top Quality Multi-Clip Wiper Blades

- Designed to fit **99.9% of cars worldwide**, both old and new models.
- Equipped with **14 adaptors**, ensuring universal compatibility with most wiper systems.

Key Features

1. Premium Materials:

- **TPV + PP Elastomer Air Spoiler:** Designed to work seamlessly in extreme temperatures from **-60°C to +100°C**.
- **Nano TPF Coating:** Ensures smooth, silent wiping and enhances durability.
- **Zinc Base:** Strong and stable for longer life and better performance.

2. First-Class Quality:

- Built to meet the highest standards, ensuring **exceptional wiping performance** in all weather conditions.

3. Effortless Installation:

- Easy-to-change **multi-clip system** allows for quick and hassle-free installation.
- Comprehensive visual guide ensures compatibility and ease of use.

4. Stylish and Modern Design:

- Slim, **aerodynamic structure** for superior visibility and reduced wind noise.
-

Product Range

Available in a variety of sizes:

- **11" to 28" (280 mm - 700 mm)** to meet the requirements of diverse vehicle models.
 - Clearly labeled **Item Numbers** for seamless selection and ordering.
-

Perfect for Discerning Drivers

If you value **quality, convenience, and reliability**, Ashika® Flat Wiper Blades are the ideal choice. Trusted by mechanics and drivers worldwide, these wipers are designed to deliver **streak-free performance** and **enhanced visibility** every time.

Packaging Matters

- Comes in **new, attractive packaging** that highlights the premium nature of the product.
 - Protects wipers during shipping and storage, ensuring pristine condition upon arrival.
-
